BWP IW 39  
**WITHDRAWAL OF APPLICATION  
FOR INDUSTRIAL SEWER USER  
IN NON-IPP POTW  
DISCHARGING MORE THAN  
25,000 GPD**  
Transmittal No. X230370

Dear Mr. Wolfe:

On May 17, 2010, the Massachusetts Department of Environmental Protection ("MassDEP") received your request to withdraw Industrial Sewer User application, transmittal no. X230370. As such, MassDEP has suspended further review of your application.

Please note facilities that have a total maximum daily discharge (sanitary + industrial) of 25,000 gallons per day or greater to a Non-IPP POTW are required to obtain an Industrial Sewer User permit from MassDEP. In addition, facilities that discharge less than 25,000 gallons per day to a Non-IPP POTW must submit an Industrial Sewer Connection Certification form to MassDEP. Please evaluate your total maximum daily discharge and submit the appropriate application/certification form as applicable. If you have any questions concerning this matter, please contact Daniel Balboni of this office at 413-755-2126.

Sincerely,

Date: 6/11/10

Saadi Motamedi  
Section Chief, Compliance & Enforcement  
Bureau of Waste Prevention
